Ger Fleming, Senior Manager – Digital Banking Programme, **permanent tsb**

Optimised Digital Channels

09:20 – 09:40

Thrive In Today's Digital First World: Seamlessly Optimise & Connect Omnichannel Strategies To Provide Bespoke Digital Finance & Self-Service Experiences Which Satisfy Customer Expectations

- Uncover the latest digital opportunities to craft a seamless omnichannel experience which connects physical and digital channels and improves ease-of-access and agility
- How do your customers feel about being directed to different channels? Pinpoint your customers' behaviours and action insights to fulfil their needs by offering the correct channels and touchpoints for increased satisfaction and business performance
- Physical vs. digital channels: don't rely on brick-and-mortar and customer loyalty in 2023 and beyond, create a channel offering equipped and suited for ever-increasing digital and tech-savvy consumers
- Digital channels may be the future, but adoption remains the greatest challenge! Ensure omnichannel consistency across your channel mix to deliver effective and efficient experiences and increase self-service adoption
- What are the building blocks and channel components needed to develop robust and resilient digital services which meet and exceed your customers' needs?

Geraldine Maringo, Chief Digital Product Owner (Head of Digital), **Nationwide Building Society**

AI & Automation – Cloud & RPA

09:40 – 10:10

User-Friendly, High-Impact & Cutting-Edge AI, Automation, Cloud & RPA To Power Digital Finance, Self-Service & Business Efficiencies

- Chat bots, RPA AI, cloud, speech recognition... what is the next stage of automation transformation and what real value is this bringing to your organisation and customers?

The Digital Customer Experience in Financial Services Conference

22nd March 2023

1 America Square, 17 Crosswall, London EC3N 2LB

- From desktop automation to sentiment analysis, how can you build and establish maturity into your automation to ensure maximum product knowledge and a long-term strategic fix?
- Explore real-life applications of AI to drive data-centric approaches and truly leverage the benefits of automation to maintain and improve a seamless and targeted client experience
- Balancing human and digital interactions... when should you automate and when should you ensure human-first interactions?

Alex Cave, Business and Commercial Banking, **Lloyds Banking Group**

Anuradha Deshpande, Director of Global Customer Support, **GoCardless**

Faizah Rafique, Principal Business Analyst, **Atom Bank**

Ashish Devalekar, EVP & Managing Director, U.K, Europe & Middle East, **Virtusa**

Designing Paperless Adoption Strategies Using Behavioural Science
